WEEK

FAMOUS PLAYERS-LASKY CORPORATION

This poster in the lobby will identify for you the better theatres joining in this national drive for better motion pictures.

THE whole week will be devoted to a drive for better pictures in thousands of the better theatres, big and small, all over America.

What a nation does with its spare time is a mighty good test of the heart of that nation.

And the verdict of America's whole heart and mind on Paramount-Artcraft leaves no shadow of doubt as to what sort of screen entertainment America prefers.

Based on a record of actual performance Famous Players-Lasky Corporation now promises some new and surprising screen achievements, beginning this week.

After seven years of gathering way, Paramount-Artcraft has mobilized all the great geniuses of production; dramatists, directors, artists, technicians; and is equipped with facilities of the utmost magnitude to capture from the realm of soaring imagination photoplays that make you laugh—and cry—and think!

As in the past the proof is written large in increased showings at more theatres, more frequent attendance by more people, and the making of that better theatre in every community the magnet that draws the people as surely as the moon draws the tides.
